

Dental Voucher Network

Dear Dental Healthcare Professional,

Northwest Hospitality, a Washington 501c3 nonprofit organization, is partnering with dental healthcare offices throughout the region to provide cleanings, exams, x-rays, and other services to our most vulnerable neighbors, namely those experiencing homelessness and very low-income households. We would be thrilled and grateful to have you join our network.

We are able to design a program to meet the specific needs and interests of your office. For example, we can make arrangements for your office to provide a certain number of services per month or quarter - donated, discounted, or paid for by our organization. One of our partner locations offers Groupons to their customers which we purchase and they keep in a file for people to claim and use as they set up their appointments. If you have an idea for another type of arrangement, so long as we are helping our neighbors improve their dental hygiene and overall health, it would be our honor to discuss the opportunity with you.

Please get in touch with me, Anton Preisinger, to discuss this program in more detail. I am excited to answer any questions and work out solutions with you. You can see our currently available vouchers, and partner locations, on our website at <https://www.nwhospitality.org/programs/#dental>

Thank you very much for your consideration and service to our community,

Anton Preisinger
